

# PART I: GENERAL PLAN ELEMENTS

## TABLE OF CONTENTS

**Chapter 1 • Introduction.....1-1**

- Orange Cove..... 1-1
- The General Plan.....1-1
- The Orange Cove Planning Area..... 1-2
- Planning Period.....1-3
- General Plan Objectives..... 1-3
- What is the Legal Background for the General Plan..... 1-4
- All Actions of a City Must be Consistent With the General Plan..... 1-5
- How is this Document Organized?.....1-6

**Chapter 2 • Land Use Element.....2-1**

- Introduction.....2-1
- Existing Land Use Patterns and Population Trends..... 2-1
- Population and Land Use Projections..... 2-2
- How Much Land Will Orange Cove Need to Accommodate Expected Growth?.....2-3
  - Residential Land Demand..... 2-4
  - Commercial Land Demand.....2-5
  - Industrial Land Demand.....2-5
  - Park Land Demand..... 2-6
  - School Land Demand.....2-6
  - Conclusions..... 2-7
- Land Use Designations and Population Densities.....2-8
  - Residential.....2-8
  - Commercial..... 2-9
  - Mixed Use.....2-10
  - Industry.....2-10
  - Public Facilities..... 2-11
  - Open Space.....2-11
  - Urban Reserve.....2-11

**Goals, Objectives and Action Plans**

1. Community Image.....	2-13
2. Growth Management.....	2-19
3. Residential Neighborhoods.....	2-22
4. Commercial Development.....	2-27
5. Downtown Orange Cove.....	2-31
6. Industrial Development.....	2-34
7. Public Facilities.....	2-36
8. Schools.....	2-37
9. Agricultural Lands.....	2-40
10. Infrastructure.....	2-42
11. Economic Development.....	2-44
12. Public Participation.....	2-54
13. Special Issues.....	2-56
Railroad Right-of-Way.....	2-56
Town Center Concept.....	2-57
State Highway 63.....	2-58
Plan Implementation.....	2-60
Zoning Matrix.....	2-62
Land Use Map.....	2-63

**Chapter 3 • Circulation Element.....3-1**

Introduction.....	3-1
Existing Conditions.....	3-2
Early Circulation System.....	3-2
Present Circulation System.....	3-2
Local Roadways.....	3-3
Alleys.....	3-3
Railroad.....	3-4
Public Transportation.....	3-4
Air Service.....	3-4
Future Circulation Conditions.....	3-5
Year 2020 Conditions at Intersections.....	3-5
Future Roadway Segment Operating Conditions.....	3-7

**Goals, Objectives and Action Plans.....3-9**

1. Traffic.....	3-10
2. Arterials.....	3-11
3. Collectors.....	3-13
4. Local Streets and Alleys.....	3-15
5. Intersections.....	3-18
6. Truck Traffic.....	3-20
7. Parking.....	3-21
8. Bike Paths and Pedestrian Pathways.....	3-23
9. School Routes.....	3-25

10. Transit.....3-26  
 11. Landscaped Medians and Street Trees.....3-27  
 Circulation Map.....3-29

**Chapter 4 • Open Space//Parks and Conservation Element.....4-1**

Introduction..... 4-1  
 The Element.....4-2  
 Existing Conditions..... 4-3  
 Air Quality.....4-3  
 Water Resources.....4-4  
 Agricultural Resources.....4-4  
 Mineral Resources.....4-5  
 Soil Resources.....4-5  
 Natural Plant and Animal Communities.....4-6  
 Park and Recreation Resources.....4-7  
 Sports Programs.....4-7  
 Regional Parks Facilities.....4-8  
 Future Needs.....4-9  
 Parkland.....4-10  
 Accessibility.....4-11  
  
 Goals, Objectives and Action Plans..... 4-12  
 1. Open Space.....4-12  
 2. Scenic Qualities.....4-14  
 3. Parks.....4-15  
 4. Recreation.....4-16  
 5. Conservation.....4-18

**Chapter 5 • Safety Element.....5-1**

Introduction..... 5-1  
 The Element.....5-1  
 Safety Element Goals.....5-2  
 Existing Conditions..... 5-2  
 1. Seismic Safety.....5-3  
 2. Police Protection.....5-6  
 3. Fire Safety.....5-7  
 4. Flooding.....5-10  
 5. Hazardous Land Use Relationships.....5-11  
 6. Site Plan Review.....5-13  
 7. Emergency Preparedness.....5-15

**Chapter 6 • Noise Element.....6-1**

- Relationship to Other Elements of the General Plan..... 6-2
- Existing and Future Noise Environment..... 6-3
- Overview of Sources..... 6-3
- Methods Used to Develop Noise Exposure Information..... 6-3
- Roadways..... 6-4
- Major Stationary Noise Sources..... 6-5
  
- Goals, Objectives and Action Plans..... 6-7
  - 1. Transportation Noise Sources..... 6-7
  - 2. Stationary Noise Sources..... 6-8

**List of Tables**

- 2-1 • Existing Land Use Acreages..... 2-2
- 3-1 • Year 2020 Conditions - Intersection Levels of Service..... 3-5
- 3-2 • Year 2020 Conditions: Roadway Segment Traffic Operations..... 3-7
- 4-1 • Park Land Demand Projections..... 4-10
- 6-1 • Distance to Ldn Contours and Traffic Data..... 6-5
- 6-2 • Maximum Allowable Noise Exposure-Stationary Noise Sources..... 6-8
- 6-3 • Requirements for an Acoustical Analysis..... 6-9

**List of Charts**

- 2-2 • Population Projections..... 2-3

**List of Maps**

*After Page*

- 1-1 • Regional Location..... 1-1
- 2-1 • Existing Land Use..... 2-1
- 2-2 • Proposed Land Use Map..... 2-63
- 3-1 • Street System..... 3-2
- 3-2 • 2020 AM and PM Peak Hour Volumes..... 3-5
- 3-3 • 2020 Lane Geometrics & Control..... 3-5
- 3-4 • 2020 Mitigated Lane Geometrics & Control..... 3-7
- 3-5 • 2020 Daily Traffic Volumes..... 3-7
- 3-6 • Proposed Circulation Map..... 3-29
- 4-1 • Ag Preserve Contracts..... 4-5
- 4-2 • Existing Park Locations..... 4-7
- 4-3 • Park Service Areas..... 4-11
- 5-1 • Fresno County Seismic Zones..... 5-3
- 6-1 • Year 2001 Noise Contours..... 6-10
- 6-2 • Year 2020 Noise Contours..... 6-10
